

*"Thought
going to the
museum would
be boring.
It was great."*

You should bring your group to visit the Irish Linen Centre & Lisburn Museum

**The Museum is based in Lisburn,
near the end of the M1 and just
10 miles from Belfast.**

It has a permanent exhibition "Flax to Fabric" which tells the story of linen from ancient Egyptian times to today. There are temporary exhibitions throughout the year based on the museum collections.

Visit our living loom. The permanent Flax to Fabric exhibition is still one of the only places you can see handloom weavers working on traditional cambric and damask looms and hand spinners spinning flax the old fashioned way!

We offer tailored programmes of a tour or a tour and a workshop – and all of our programming is FREE!

Tours can also be booked for the restored 17th and 19th Century Castle Gardens Lisburn or a Lisburn Town Trail. All free.

Arts and crafts workshops are delivered to suit the needs of your group. A full Education Services brochure is available on request.

The Museum Shop offers a wide range of gifts, linen, books and souvenirs. There is a 15% discount for all group bookings.

There are a selection of cafés and restaurants located within walking distance of the museum.

*Please note there is a charge for out of hours bookings

**Opening hours: 9.30am – 5.00pm
Monday to Saturday**

All programmes are tailored to the requirements of your group and are FREE!

A full programme of workshops will be sent to you on request. There is a charge for evening bookings.

Museum Services

Accessible toilet ground floor / ground floor and first floor accessible

Baby changing facilities on ground floor

The Museum Shop is the only place you can buy our unique linen design – the Flax Flower.
