

Entomological art

Collecting insects is a hobby that became popular in the time of Queen Victoria. Today people all over the world still collect insects, it's a big deal among children in Japan and inspired Pokémon!

Have a go at filling a jar with little bugs.

Then use your imagination to create a bug of your own to catch in your Flaxie ball!

You will need:

Jar template

Flaxie Ball template

Colouring pencils/crayons/paint

Any supplies you can find to create you bugs. See our ideas below!

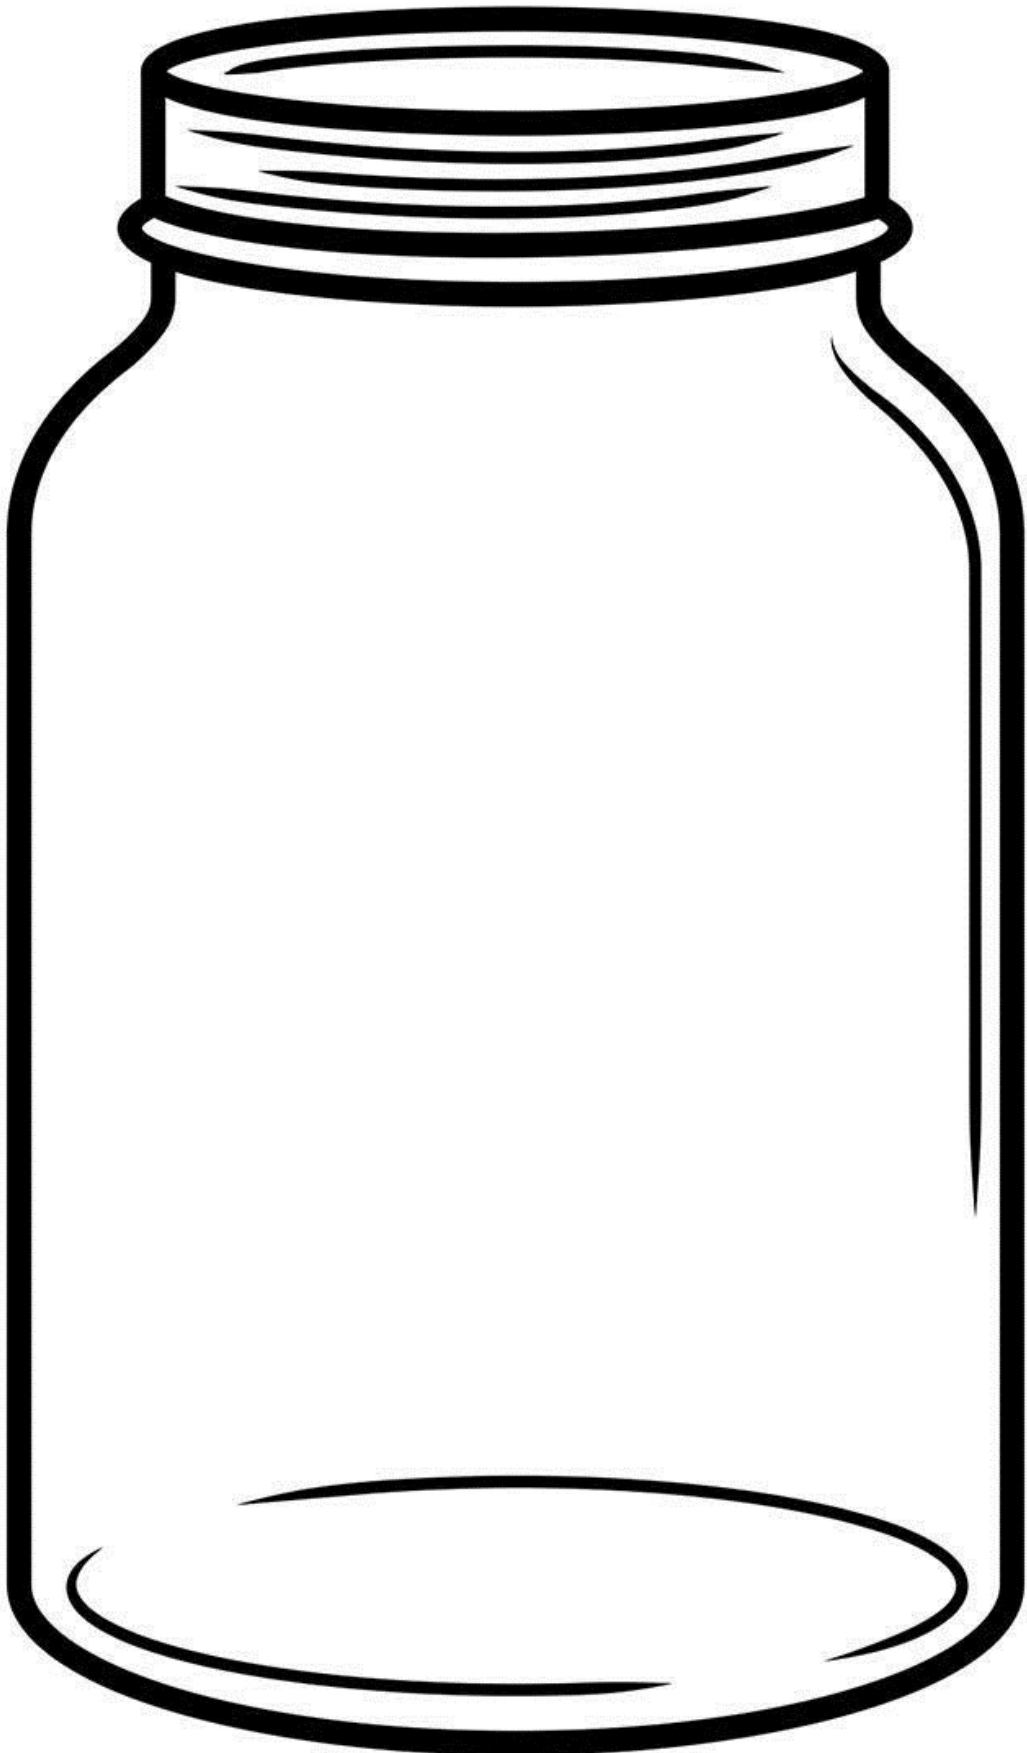

Ideas for your bugs

- Draw them with colouring pencils or crayons
- Use balls of tissue paper
- Stick on gummed paper
- Make wings that stand out with tissue paper
- Pipe cleaners bend and shape to make fuzzy bodies
- Stick-on eyes or googly might look good!
